TBG CONSULTING DEPLOYS NETCHEMISTRY'S (ASP) EXTRANET PLATFORM

NEWPORT BEACH, Calif., March 10, 2003 - NetChemistry, a top-tier provider of mission-critical, highly secure Private and Public Offering platforms to the Financial Services Sector, today announced that TBG Consulting has successfully launched NetChemistry's Web based Extranet Platform for the online distribution, tracking and management of information presented to clients and satellite offices. TBG Consulting provides compensation, benefits and private client services that meet the financial goals of corporations and their executives.

"With NetChemistry's Web based Extranet Platform, we are better able to serve the dynamic needs of our firm's clients," said Steve Price, CEO of TBG Consulting. "It will definitely allow us to effectively upload, administer and distribute disparate information to potentially thousands of clients, affiliates and workgroups around the country"

"Our goal has always been to help companies reduce the cost of accessing top tier technology," said Chris Cruttenden, president of NetChemistry. "We've also reduced the need for our clients to identify, hire and manage the right technology staff associated with the roll-out and support of resource intensive software system."

About the (ASP) Extranet Platform

A flexible rapid-deployment software solution designed to manage your corporate website, internal documents, improve corporate communication, spread the corporate culture, manage knowledge, support the on-the-go executive and deliver information where it is needed most.

About TBG Consulting
